## The Aliens Register 1914-1918

Dublin Metropolitan Police (DMP) A Division Dublin Ireland

This database was compiled from a photocopy of the Aliens Register which was presented to the Genealogical Society of Ireland by Stuart Rosenblatt FGSI who had carried out research on the register for his Rosenblatt Series. The register is not complete, some pages are missing. It contains the names of non UK citizens who arrived and lived in Dublin and were obliged to register with the police.

The Register is indexed alphabetically and the page references are linked to scanned images of the register.
